About US

NIIT, established in 1981with a mission to bring people and computers together successfully, is the largest IT training provider in Asia, having trained over 3 million students with over 3800 centers across 44 countries. NIIT has trained one out of every three software professionals in the country and become a beacon in the global IT revolution. From introducing computers to the people of India, to providing advanced IT skills to students and professionals, NIIT has evolved into a training powerhouse. While our special-priced, IT programs have enabled ordinary citizens to achieve computer and Internet literacy. our career education has shaped the lives of millions of individuals.

NIIT"svasteducationdeliverynetworkspreadover30countriesintheAmericas,Europe,Asia, MiddleEast,AfricaandAustralia/Oceania,blendsclassroomandon-linelearning.The company provides a comprehensive education environment to individuals and enterprises, offers training that is customized to the varied needs of audiences with diverse backgrounds.

Asia's IT education leader, which features amongIDC"slistingofTop20GlobalITtraining Companies, NIIT has played a pioneering role in taking computer learning to the masses. We train over 500,000 learners each year, with an alumni base exceeding three million people. We use ITlearningtochangelives.NIITalsoformsapartofthecoveted„Superbrands"listingfrom India created by the Super brands Council.

- Advantage of Special/Subsidized fee at Campus.
- plugging the gap to integrate learning with practical solutions
- Share practical experience from industry

Roles and Responsibilities

NIIT responsibilities:

Provide Brand name, good will & recognition.
Design curriculum as per the training needs of the students. Systems and processes for quality education delivery.
Technical support &Workshops through regular visits to college. Appoint and train faculty members to conduct NIIT programs. Design, conduct and evaluate examinations to grade students.
Provide transcript and/or certificates as per NIIT"s academic curricula and rule

Institution responsibilities:

- Provide space, hardware/software, furniture and fixture, electricity required for conducting NIIT program.
- Promote the program effectively within the college for image and brand building to ensure regular student admission.
- Ensure minimum students join the program periodically.

Some offerings which makes our association strong

1. AssociateyourbrandwithNo.1BrandinAsiaPacific„Superbrand"(AlistingfromIndia Created by the Super brands Council).

2. NIIT would design curriculum as per the training needs and appoint trained faculty members to conduct NIIT programs.(Refer Top5Technologywiseopeningsmatrix)

4. NIIT would organize Technical Workshops on new Technologies of different vendors for students from time to time.

For MOHAMMED SATHAK A.J. COLLEGE ENGG.

5. Bring Industry relevant projects to the College

6. NIIT would provide International Certifications from Major Technical Vendors at a discounted price

7. Provide transcript and/or certificates as per NIIT"s academic curricula

- The program will be executed based on fixed milestones for each session, with session end objectives
- There will be module tests(online tests) conducted on completion of distinct modules in each of the programs
- For CCNA students, since our training model is approved by Cisco and it completely follows remote infrastructure management (RIM), instead of setting up the infrastructure to save expense to the college, the students will be accommodated in our center for that particular period
- If the necessary infrastructure for conducting exams is not available the students will be allowed to take exams in our center itself

Reviews

A joint Program Committee (A nominated staff member from College & NIIT) maybe constituted to monitor the progress of the Program implementation.

Other Value Added Services

- Technology programs to be taught using official NIITC Courseware.
- Participation of Students in New Technologies Seminar & workshops arranged by NIIT from time to time.
- Candidates undergoing the above said training program can write international certification exams related to Vendors like oracle at special prices available to NIITC students. Candidates can also avail the special Mobile testing facility to write exams within college premises.
