EVENT REPORT:

The Blind Walk has been done to create awareness among people about “ EYE DONATION “. Walk would be approximately around 20-30 mins with people blind folded and a blind person will lead the walk. The fact is today we have around 40 million people blind worldwide, out of which 15 million people blind are in INDIA. Out of those 15 million people blind, Only 20 % can get back their eyes. The Blind Walk has been done to make everyone understand about the difficulties faced by Visually Challenged People. In the walk, the Blind folded persons will be experiencing the difficulty of how it is to be a blind. The persons who attended the Blind Walk will be ready to donate their Eyes in Future.

The Blind Walk was Flagged on 12.10.2017 by the Principal (Dr.S.ThangaLakshmi). She joined with us in the Blind Walk for a fewer distance. Then Our Faculty Coordinator (Dr.A.BalaKrishnan) guided and leaded us throughout the completion of Blind Walk.

The Blind Walk started from Our College Entrance to the SIPCOT Main road. In the Second Half the Blind Walk started from SIPCOT Main road to Our College Entrance. Due to the Lack of Blind people, We arranged three Rotractors who were not Blind folded leaded the three groups (2 Boys Group + 1 Girls Group).In First Half, People were Blind Folded and carried the placard about the Eye Donation and the volunteers with Pluck cards were helped & cared them.

After reaching the SIPCOT Main road, students held the Placard for few minutes with almost everyone Blind folded. In Second Half, People were allowed to be free of blind foldedness and carried the placard and reached Our College entrance.

All the participants were given the certificate. This event was again conducted by

Report on Biryani Bucket Challenge (Providing Food for Poor People

Date: 02.01.2018

An awareness about the value of food in the name of challenge. In this world, food is the most important thing to survive. Everyone in this world should know about the value of food. Almost many of the people and children are dying due to Poverty and Nutritional Problems. There are two classes of people in this society, one who have more food than appetite, and the other who have more appetite than food.

The one who have more food than appetite are often wasting the food without actually knowing the value of it. To make those people aware about the food and stop wasting it, we initiated this challenge. We would like to get the attention of people towards this challenge, that's why, we named it as Biryani Bucket Challenge.

Our Challenge is to:

“Feel the Happiness in Feeding the Poor - Eat and Let Eat”

In this regard the college Rotaract Club of MSAJCE in collaboration with Rotary Club of Chennai Mitra organized a Biryani Bucket Challenge programme on **31.12.2017**. The main objective of the programme is to distribute the most liked food which is not affordable to the poor. It is nothing but the mutton biriyani which was distributed to the poor people. Biryani Packets were distributed in different locations especially to poor people in these areas namely Besant Nagar, Pattinambakkam, Adyar, Mylapore, Marina, Velacherry, Tambaram, ECR-Thiruvanmiyur to Kovalam, Kelambakkam, Mamallapuram. The poor people thoroughly enjoyed the food and appreciated the efforts of the Rotaract club of

EVENT REPORT

Traditional food is an essential aspect of human life. It protects ancestral culture, health, tradition with natural ingredients. It is the best food compared to processed food. It helps to get rid of allergies, asthma, digestive problem, auto immune disorders. It is a hand prepared food which does not cause any side effects. In the modern society the students and parents have a fast moving life which hinders their eating habits and the food that is prepared. They concentrate on easily prepared food namely instant food which lack nutrients.

From 7th February to 9th February 2018, an awareness programme on traditional food was organized by Rotaract club of MSAJCE. In this event 15 students participated and this event was organized for all first year students in Dasthagir auditorium. On the Day I, a traditional recipe namely Pirandai Chutny was released and the students were explained about the nutritional and medicinal value of cactus variety. On Day II, students were explained Bajjarotti and its nutritional value and about different millets and its advantages in improving immunity. On III Day, Thinai Keerai Rotti was made and explained about the advantage of having millet with spinach. Many students benefitted from this awareness programme.

Through this project we can help people to provide some food recipes of our ethnic foods and to make them know the health benefits of those recipes. The medicinal values of our Ethnic Foods are very high, by taking them regularly will help ourselves to maintain healthy life.

A poster with picture and health benefit of our ethnic food and a message with the recipe of Our Ethnic food. 3 recipes were released in 3 consecutive days along with the club members and board members. Every one of them understood about the ethnic foods and their medicinal values. Through this event the students got benefitted.

EVENT REPORT

The Rotaract and NSS students of Mohamed Sathak A.J college of Engineering participated in OLYMPIA OMR RUN – Education Awareness Program on 04.02.2018. The Rotaract club of MSAJCE and its members participated in this event in collaboration with Satyabhama Institute of Science & Technology. This event was organized to provide education to the students of below poverty line. Such students are greatly affected due to poverty which deprives them from getting education. The programme highlights important agenda namely adopting various schools providing e-learning and computer education through the fund raised from the OMR run. They collected the amount from the participants to donate the poor people except OMR located College Students. They provided T-shirt, cap and certificate those who are participated in this event.

Totally 65 students were participated in this run. Students completed 3km, 5km and 7km run. The winners and participants were given medals and certificates. The chairman of Sathyabama institute of Science & Technology inaugurated the run. All the arrangement are made by Dr.A.Balakrishnan Faculty Coordinator of Rotaract Club of MSAJCE.

EVENT REPORT

On 2nd March and 10th March 2018, the Rotaract club of MSAJCE, joined with the foundation and NGO for a Turtle Walk. Turtle Walk is generally done as a guided walk for collecting eggs of the turtle. These eggs are relocated to a safe nesting place to hatch. The first night out project is done to search for eggs. Once they are identified they are collected. On the Second day the eggs are relocated.

In this event 8 rotaract club members participated in the turtle walk at Blue Beach, Neelankarai, Chennai. During the walk, the students were taught to identify a turtle eggs on sea shore and also taught them how to put them safely in a nesting place.

They were guided by an expert during the walk. After collecting the eggs the students were guided to place them safely without getting damage to hatch. The students were informed that after the eggs are hatch the turtle would be left in the sea. The students returned in the next day morning after collecting the egg and handed them to the Tree foundation authorities.

Report on VIBGYOR (Painting Boats for Fisherman)

On 4th March 2018, near Gandhi Statue, Marina Beach Chennai 10 of our college students of Rotaract club of MSAJCE in collaboration with Rotary club, Madras participated in the VIBGYOR 3.1. This title relates to with relevant of colours especially a painting task assigned to the students. The painting is done by the students of fisherman boat near Marina beach. The students completed painting two of the fisherman boats.

In general everyone knows that the fisherman's life always depends on the boat he has. His survival always depends on this. To improve the life span of the boat and to prevent the boat from getting corroded the painting work was done. The family members of the fisher man were extremely happy for the work done by the student volunteers. They expressed their gratitude towards the Rotary club of Madras and other organizers. Two fishermen family near marina beach got benefitted by getting their boats painted by Rotaract students of MSAJCE.

EVENT REPORT:

Rotaract Club of MSAJCE conducted this event on 20.05.2018 in Blue Beach, Neelankarai (ECR). An informative project to learn about First Aid, that will save the lives of people who have been caught in an accident with the help of the ALERT organization, we had done this project successfully.

A basic necessary thing to save a life until an ambulance arrives has been taught with live demo and video presentation. We have been taught a basic knowledge about CPR, Chance of Survival, Basic Life Support, Calling an ambulance at the right time, maintaining the breathe of the person when in unconscious. Taking the exact and necessary First Aid action to the type of accidents like Fracture condition, bleeding condition etc. have been taught.

We must learn the First aid becoz of we can give people their chance of survival during an accident. We can show the world that humanity is still present in here. We may be considered a hero to save someone's life. We can even save our close ones at the time of the situation. We can know when and how to act, when to try or when to stop and wait for the professional support.

EVENT REPORT:

The Rotaract club of MSAJCE organized Regreen Marathon in collaboration with Rotary club of Chennai Mitra on 17.12.2017. In this event 60 students participated. The marathon was held from Mathyakailash to sholinganallur Chennai. The objective of this event is to make the environment green. The initiatives mainly focus on planting sapling for every kilometer and balance or replace with saplings to maintain stability and greenery in this area.

Across OMR the specific location were identified to plant the sapling between the mentioned places. The event was inaugurated by the President and Secretary of Rotary club of Chennai Mitra. The marathon started with the planting of sapling by the student and other NGOs who joined the event. Student volunteer came in groups to plant the sapling by digging pits. Watering the plant and other necessities required to plant the sapling. At end of the event students given certificates and were appreciated for their cooperation.

EVENT REPORT:

An Awareness program was conducted on rally for Rivers on **14.09.2017** Thursday at 3.00 P.M. The Chief Guests Mr.Manimaran were from the EASA Yoga. They addressed the NSS students and delivered a talk on the awareness for the linking of the Rivers. They highlighted that, monsoon is the main sources of water and rivers are the destination point. So the only way to hold water is through vegetation. Natural farming will enrich the soil and survive for the future. The revitalization of rivers in India and to save them with its unique structure will have a significant ecological impact. 54 NSS volunteers were actively participated in this event.

EVENT REPORT:

As per the direction of the state government an Awareness program on Blue whale game was conducted on **31.08.2017** Thursday at 2.30 pm in the College Conference hall. It was mainly for the reason that many tragic incidents had been happening frequently. Especially teen suicides were more and took valuable lives of many young students.

Dr.S.Thangalakshmi, Principal given an awareness talk on the evil effects of the game. The participants were advised how the students become vulnerable by playing the game. It was highlighted the game brought about intellectual degradation and damage in students. So the responsibility of the teachers, parents and all other elderly people are to protect the children by protecting them from such media platform. They should be given proper mentoring and guidance to stay away and not get trapped by such games and use social media wisely. 60 NSS Students participated in the program. All the arrangement was made by Dr.A.Balakrishnan, NSS Programme Officer. This event was organized to benefit the students of college to know about the negative impact of the mobile game. The young generation namely the college students got benefitted through this program.
