1. ENGINEER'S DAY CELEBRATIONS

The Engineers' Day is celebrated in our college on 17th September 2022 commemorating the birthday of one of the greatest engineers in India and Bharat Ratna recipient, Sir Mokshagundam Visvesvarayyagaru, recognizing his contributions in harnessing water resources in India. He had successfully designed and constructed several river dams, bridges and revolutionized the irrigation system all over India.

Every year, the country celebrates September 15 as National Engineer's Day to appreciate the contributions of Mokshagundam Visvesvaraya. The Bharat Ratna awardee, Visvesvaraya was born on September 15, 1861 in a village called Muddenahalli in Karnataka. To remember the birth anniversary of him, one of the great legends and engineer himself, Sir Mokshagundam Visvesvaraya, We also join hands together to adore the contribution of the Engineers who are shaping the future by applying their skills to almost everything.

They convert the theoretical knowledge of basic sciences into actual products and thus make our lives easy. Engineers possess versatile minds and help in filling the gap between science, technology and the community. Engineers in India contribute greatly to the nation's technological and industrial growth. There really is no limit to what engineers can do.

The main objective of the event was to encourage self evaluation, motivation, effective communication and team building among the students. Our Principal Dr.K.Srinivasan addressed the students and advised them to take Dr.M.Visvesvarayyagaru as their role model, be confident in their mission and sharpen their skills to meet the global industrial demands. encouraged the students to broaden their perspective and enhance their skills
