MSAJCE INSTITUTION'S INNOVATION COUNCIL (MSAJCE-IIC)

Supported by

MINISTRY OF EDUCATION INNOVATION CELL (MIC)

Ministry of Human Resource Development (MHRD), Govt. of India has established 'MHRD's Innovation Cell (MIC)' to systematically foster the culture of Innovation amongst all Higher Education Institutions (HEIs). The primary mandate of MIC is to encourage, inspire and nurture young students by supporting them to work with new ideas and transform them into prototypes while they are informative years.

MIC has envisioned encouraging creation of 'Institution's Innovation Council (IICs)' across selected HEIs. A network of these IICs will be established to promote innovation in the Institution through multitudinous modes leading to an innovation promotion ecosystem in the campuses.

Major focus of IIC

To create a vibrant local innovation ecosystem. Start-up supporting Mechanism in HEIs. Prepare institute for Atal Ranking of Institutions on Innovation Achievements Framework. Establish Function at Ecosystem for Scouting Ideas and Pre-incubation of Ideas. Develop better Cognitive Ability for Technology Students.

Functions of IICs

To conduct various innovation and entrepreneurship-related activities prescribed by ministry of Education's Innovation cell as and when announced by it.

- ✓ Identify and reward innovations and share success stories
- ✓ Organize periodic workshops/ seminars/ interactions with entrepreneurs, investors, professionals and create a mentor pool for student innovators
- ✓ Network with peers and national entrepreneurship development organizations
- ✓ Create an Institution's Innovation portal to highlight innovative projects carried out by institution's faculty and students
- ✓ Organize Hackathons, idea competition, mini-challenges etc. with the involvement of industries

The council members discussed about the activities (IIC calendar, Celebration and Self-Driven) and features of IIC portal. The council members also discussed about collaborations within and outside the institution to accelerate the activities of IIC. The council also deliberated on quarterly action plan in synchronisation with activities and initiatives of other departments, centres and facilities in the Institute working towards promoting IPR, Innovation, Entrepreneurship and Start up.

The council unanimously decided to carry out all the IIC activities in regular basis throughout the year and meet regularly in beginning of every quarter to review the progress made in previous quarter and also to plan for upcoming quarter. The council has agreed to convene next meeting tentatively on 4.12.2023 (Monday).

About the Viksit Bharat@2047

Viksit Bharat@2047 is the vision of the Government of India to make India a developed nation by 2047, the 100th year of its independence. The vision encompasses various aspects of development, including economic growth, social progress, environmental sustainability, and good governance.

As India stands at this crucial juncture, poised to take off on its growth trajectory, it is important to realise that tremendous dedication and belief in India's destiny, immense desire, potential, talent and capabilities of the Indians, especially the youth, coupled with steadfast leadership, is necessary to realise this potential. There is enormous work that needs to be undertaken in a mission mode to make India Viksit Bharat by 2047. For this to happen, there is a need to chalk out a bold, ambitious and transformative agenda, and its communication to all stakeholders. The role of the youth, who constitute our largest population group, has a huge role here as they will lead India to Viksit Bharat by 2047.

Therefore, it is important to channelise the innovative ideas of the youth into nation-building by

Write-up on Event		
Startup Maanadu, a premier event focusing on the startup ecosystem, recently conducted an insightful gathering featuring prominent speakers from various domains. The event aimed at fostering knowledge exchange, networking, and inspiration among budding entrepreneurs and industry enthusiasts.		

MOHAMED SATHAK A.J. COLLEGE OF ENGINEERING

(Approved by AICTE, New Delhi and Affiliated to Anna University, Chennai)

Key Insights and Takeaways:

- **Diverse Expertise:** The speakers brought a diverse range of expertise, spanning entrepreneurship, business growth, consulting, and investment. This diversity enriched the discussions and provided a holistic view of the startup landscape.
- **Innovation and Adaptability:** Many speakers highlighted the importance of innovation and adaptability in the fast-paced startup environment. Embracing change and staying ahead of the curve emerged as crucial strategies for success.
- **Collaboration Opportunities:** The event facilitated networking opportunities for attendees to connect with the speakers and each other. Collaboration emerged as a recurring theme, emphasizing the significance of partnerships and alliances in the startup journey.
- **Insights into Funding:** The investor perspective provided by Senthilkumar Rajendran offered valuable insights into the funding landscape. Startups gained a better understanding of what investors look for and how to position themselves for funding success.

Conclusion: Startup Maanadu 2024 proved to be an invaluable platform for knowledge sharing and networking within the startup community. The esteemed guest speakers provided attendees with actionable insights, fostering a spirit of innovation, collaboration, and determination.

As participants leave the event, armed with new knowledge and connections, the hope is that the startup ecosystem will continue to thrive and contribute to the economic and technological advancements in the region.
