4.2.1 INTEGRATED LIBRARY MANAGEMENT SYSTEM (ILMS)

1. Central library

The Central Library has around 29853 books in its collection and was established in a spacious and pleasant environment. Every year, the Central library subscribes journal lists are available in the Koha.

Considering the importance and easy accessibility, library is located in the ground floor and fully automated through Integrated Library Management System (ILMS) namely "KOHA". The software handles all the library activities such as issue, renewal & return of books, data entry, storage & retrieval, online book reservation, member logins, In-out and Out report management, user data maintenance Utilization analysis etc.

Name of ILMS Software: KOHA Integrated Library Management Software (ILMS)

Nature of automation: Fully

Version: KOHA 23.11.05

Year of automation: 2023
