About MSAJCE

Mohamed Sathak A.J College of Engineering is located in SIPCOT I.T Park, in spacious and peaceful surroundings of 70-acres of land. MSAJCE has, within a short span of time, emerged as one of the premier professional institutions in this region. The college maintains high standards of education by engaging highly qualified and experienced faculty members. The college offers 8 UG courses in Engineering and 5 PG courses, affiliated to Anna University and approved by AICTE . This college has well stocked library containing Indian and International books and journals. College feels too proud to produce university rank holders.

About the FDP

High voltage Engineering is one of the emerging field in the Engineering field.

The purpose of this FDP is to bring together researchers & PG students from academia and R&D institutes to explore the recent advances in both the fields..

Benefits of the Programme

High voltage Engineering to transmission technologies are sometimes possible, Space based technology can often reduce infrastructure requirements and offer more cost effective service delivery options. For instance, instead of constructing a series of transmission and relay towers to broadcast television programmes to far-to-reach places, one satellite dish could be provided to remote community to pick up broadcast signals sent from a satellite.

The one week FDP brings more knowledge about High Voltage Engineering

Attractive Features

- Certificate will be provided to each participants.
- Experts are from well reputed institutions and industries with vast experience.

MOHAMED SATHAK AJ COLLEGE OF ENGINEERING

Inside Siruseri SIPCOT IT-Park, Chennai-603103

ABOUT MOHAMED SATHAK AJ COLLEGE OF ENGINEERING

The Mohamed Sathak A.J. College of Engineering (MSAJCE) was established on 5th July 2001 under the aegis of Mohamed Sathak Trust has 35 years of excellence presence in education sector offering Technical, Arts and Science, Medical and Management Education. The Msajce was established with an objective of imparting quality education, developing ethical values and personality traits thereby molding the budding engineers into dynamic and deployable engineers. The College was approved by AICTE New Delhi, affiliated to Anna University Chennai and Government of Tamil Nadu. MSAJCE Strives to continuously upgrade its facilities to provide quality technical education to meet the industrial and societal needs, by providing skill based training with the state of art facilities.

The college campus, sprawling over 70 acres of greenery located inside the SIPCOT IT Park, Siruseri is surrounded by multinational IT companies such as TCS, CTS, Intellect, Aspire, Steria, Polaris, etc. MSAJCE has good infrastructure facilities such as spacious classrooms, drawing halls, laboratories, seminar halls, computer facilities with internet and wifi connectivity, library, workshops, auditorium and playground. The college is well

Connected by Road, Rail and Air from various parts of the country. A team of well qualified and experienced faculty supports the teaching and learning process. The college provides equal importance for academic, co-curricular and extracurricular activities. MSAJCE provides all kinds of training for the professional and overall transformation of the students.

ELIGIBILITY AND SELECTION

Students of Fourth year and Faculties of Civil and Agriculture Department are eligible to participate in the programme.

The total number of participants is restricted to 40 and selection will be based on first come first served basis.

Course Content:

Day 1	Elements of Environmental Protection
Day 2	Water Treatment Engineering
Day 3	Ecology and Environmental Impact Assessment
Day 4	Environmental Applications of Remote Sensing and GIS
Day 5	Design and Drawing of Environmental system
Day 6	Computer Application in Environmental Engineering

Faculty Development Programme

ON

“Advanced wireless Technology”

22th -27th May 2017

Convenor

**Mrs.Dr.E.Dhiravidachelvi,
HOD/ECE**

Coordinators

**Mrs.E.Jayanthi, AP/ECE
Mrs.I.S.Suganthi, AP/ECE**

Organized by

**Department of Electronics and
Communication Engineering
Mohamed Sathak A J College of
Engineering
Chennai – 603103**

About MSAJCE

Mohamed Sathak A.J College of Engineering is located in SIPCOT I.T Park, in spacious and peaceful surroundings of 70-acres of land. MSAJCE has, within a short span of time, emerged as one of the premier professional institutions in this region. The college maintains high standards of education by engaging highly qualified and experienced faculty members. The college offers 8 UG courses in Engineering and 5 PG courses, affiliated to Anna University and approved by AICTE . This college has well stocked library containing Indian and International books and journals. College feels too proud to produce university rank holders.

About the FDP

Wireless Technology is one of the emerging field in the Engineering field.

The purpose of this FDP is to bring together researchers & PG students from academia and R&D institutes to explore the recent advances in both the fields..

Benefits of the Programme

The six days FDP brings more knowledge about Wireless Technology.

Attractive Features

- Certificate will be provided to each participants.
- Experts are from well reputed institutions and industries with vast experience.

Name Of The Guest Speaker	Saravanan SmartANT
Write-up on Event (to publish in the college website)	<p>The FDP started with 23 participants from different institutions on 05.09.2020 at 10.00 am with welcome address and introduction of chief guest by Naresh Kumar A, HOD/Prof, Department of CSE and Chief guest was introduced by Mr. V. Ramachandran AP/CSE, MSAJCE</p> <p>The Department of Information Technology, conducted a seminar on Recent trends in Mobile Application for faculties and students on 05/09/2016. The seminar was taken by Mr. Saravanan Smart ANT. The session emphasized on different terminologies and discussed various states Mobile Application and its software and how it should be dealt and categorized with the resources and the fundamental opulence. The session was presentation oriented and application based gave an explanation for the young budding minds to solve and focus upon the doubts/problems in order to get the perfect outcome He also explained how computerized qualification and visualization tools are really important.</p>

REPORT ON EVENTS

Department:	DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING
Type of Event:	Faculty Development Program (FDP)
Event Title:	CLOUD AND HADOOP DEVELOPEMENT
Date & Time:	14.09.2016 to 19.09.2016
Venue (Platform):	MSAJCE
Organizer:	DEPARTMENT OF CSE, MSAJCE
Coordinator(s):	Mr.Syed Ismail Ms.M.Sangeetha Ms.C.Esther Ms.K.Thamarai Selvi
Details of Participants:	External and internal participants from various institutions like Academicians, Researchers.
Name Of The Guest Speaker	Mr. Navjot Singh (EMC Corporation) Mr. S. Shanmugavel Mr. Benhur Charles (ICTR)
Write-up on Event (to publish in the college website)	<p>The FDP started with 15 participants from different institutions on 14.09.2016 at 10.00 am with welcome address and introduction of chief guest by Dr. P.S.K Patra, HOD/Prof, Department of CSE and Chief guest was introduced by Mr. A. Syed Ismail AP/CSE, MSAJCE</p> <p>In first two days 14.09.2016 and 15.09.2016 session was handled by the guest speaker Mr.Navjot Singh, The speaker elaborated in detail about the <i>corporate sector</i>. He gave an introduction and explained how Hadoop works and also about the Hadoop map reduce.</p> <p>In 16.09.2016 and 17.09.2016 Mr.S.Shanmugavel discussed about the Hadoop Distributed File System (HDFS). During the session he explained various suitable examples to make the participants understand clearly. In the discussion time with the participants, he answered all the questions patiently up to the participant satisfaction.</p> <p>In 18.09.2016 and 19.09.2016 Mr.Benhur Charles explained what are the key concepts of Cloud and Hadoop Development Operational and administrative references, tutorials & procedures. He also explained how computerized qualification and visualization tools are really important.</p>

ABOUT THE COLLEGE

Mohamed Sathak A.J College of Engineering is located in SIPCOT I.T Park, in spacious and peaceful surroundings of 70-acres of land. MSAJCE has, within a short span of time, emerged as one of the premier professional institutions in this region.

The college maintains high standards of education by engaging highly qualified and experienced faculty members. The college offers 8 UG courses in Engineering and 5 PG courses, affiliated to Anna University and approved by AICTE .

This college has well stocked library containing Indian and International books and journals. College feels too proud to produce university rank holders.

ABOUT THE DEPARTMENT

The Department of Mechanical Engineering was established in the year 2004 The programme is approved by AICTE New Delhi. The Department has the state-of-art equipment necessary for curricular needs. All the laboratories are fully equipped and etc. This branch of study develops the students ability to apply scientific principles in the design and analysis of mechanical and energy conversion systems. At the outset the students will be able to create innovative ideas to find solution to real world. Problems with new perspective, good practical skills using science and maths concepts.

Two-Day Workshop *on* **Advanced Materials and application**

20-21 September, 2016

Organized by

**DEPARTMENT OF MECHANICAL
ENGINEERING
MOHAMED SATHAK A J COLLEGE OF
ENGINEERING**

ABOUT

Nanotechnology is one of the newest and fastest growing areas in Science and Engineering. The subjects arise from the convergence of Electronics, Physics, Chemistry and Material Science to create new functional system of Nano scale dimensions. It has been cast as the answer to many of world's major environment and health issues. The applications of nanotechnology are extremely important and unending, particularly its role in chemical engineering, automobiles, space, healthcare, defense, telecommunication, information technology, energy sectors etc. Currently the advantages of nanotechnology outweigh the potential risks.

The aim of this workshop is to review the current state of knowledge in the field of nanoscience and technology along with their novel applications and challenges. The workshop will provide a multi-disciplinary view of the various facets of nanoscience and nanotechnology.

The objectives:

- To provide a forum to the faculty, researchers and students to quench their thirst for creativity in frontier areas of nanoscience and technology.
- To present the most recent developments in the field of nanoscience and technology.
- To provide a platform for interdisciplinary communication and intensify collaborations between scientists and industry.
- To assist in public understanding of the social, educational, environmental and economical importance of chemical nanotechnology.
- To promote research in emerging and thrust areas of engineering, medicine, food, energy, environment and health care.

PRINCIPAL THEMES:

- Nanotechnology and its applications
- Nanomaterials for improved use of resources
- Nano structures and devices
- Nano-membranes, Nano-porus & electrochemical materials
- Nanofabrication, nanolithography, nanomanipulation
- Nanoscale characterization, nano imaging
- Computational nanotechnology (modeling and simulation of nanostructures)
- NanoMEMS, Nano-fluids, Nano-sensors.
- Nano manufacturing, reliability, standards, safety and ethical issues

REGISTRATION:

Faculty from AICTE approved Institutions and professionals from Industry / Research Scholars / Students can send their registration form along with registration fee on or before 14th September, 2016. The DD should be drawn in favor of 'Principal, Mohamed Sathak College of Engineering', payable at Indian Bank, siruseri, chennai. The selected participants will be informed by 16th September, 2016.

Registration Fee:

Faculty / Industry professionals	: Rs. 300
Research Scholars / PG Students	: Rs. 200
UG Students	: Rs. 100

ACCOMMODATION & TA:

Accommodation will be provided free of cost to all outstation participants. Please inform the same in advance. No TA & DA will be paid.

IMPORTANT DATES

Last date for receipt of application : 14th September, 2016
Intimation for participants : 16th September, 2016

Event Report

Department:	DEPARTMENT OF MECHANICAL ENGINEERING	
Type of Event:	WORKSHOP	
Event Title:	ADVANCED MATERIALS AND APPLICATIONS	
Date & Time:	20.09.2016 – 21.09.2016	
Venue:	Mohamed Sathak AJ College of Engineering Auditorium	
Conveners:	Dr. J. Hussain Prof/Mech & Head of the Department - MSAJCE	
Coordinator(s):	Mr.S.Prasath, Asst.Prof / Mech - MSAJCE Mr.I.Irfan, Asst.Prof/Mech - MSAJCE	
Details of Participants:	Over all 13 Professors and Assistant professors registered from various institutions	
	Name of the Guest Speakers	Dr.S.S.M.Abdul Majeed, Prof & Head, Department of Polymer Engineering,
	Organization	B S Abdur Rahman Crescent Institute of Science & Technology
Write-up on Event	Department of Mechanical organized two days' workshop on "Advanced Materials and Application" on 20/09/2016 to 21/09/2016. The program was started at 9.30 am, with a welcome address by Dr. J. Hussain Prof/Mech & Head - MSAJCE and Introduction to the Chief guest by, Mr.S.Prasath, Asst.Prof/Mech - MSAJCE. The Chief guest Dr.S.S.M.Abdul Majeed, deliver his speech with a presentation about the objective of the workshop is to provide in-depth knowledge of advanced materials, their fundamental characteristics, synthesis, characterization and applications in the advancement of science and technology in different domain. At the end of the session Mr.I.Irfan, Asst.Prof/Mech – MSAJCE delivers the vote of thanks.

About MSAJCE

Mohamed Sathak A.J College of Engineering is located in SIPCOT I.T Park, in spacious and peaceful surroundings of 70-acres of land. MSAJCE has, within a short span of time, emerged as one of the premier professional institutions in this region. The college maintains high standards of education by engaging highly qualified and experienced faculty members. The college offers 8 UG courses in Engineering and 5 PG courses, affiliated to Anna University and approved by AICTE. This college has well stocked library containing Indian and International books and journals. College feels too proud to produce university rank holders.

About the Workshop

The preservation of our water environment, which is embedded in sustainable development, from pollution is playing a vital role in the safety of people and in economic growth. Integration of environmental policies into the firm's core objectives coupled with continuous periodical enlightenment on the present and future consequences of environmental/water pollution will greatly assist in conserving the water environment.

The purpose of this Seminar is to bring together researchers & PG students from academia and R&D institutes to explore the recent advances in preventive measures.

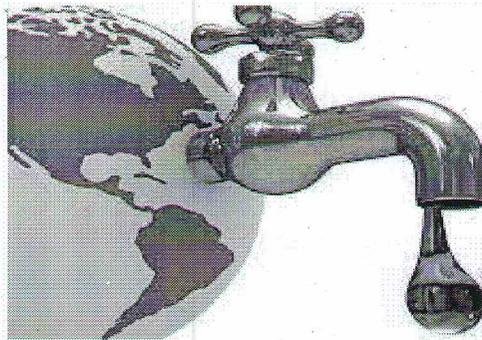

PRINCIPAL

MOHAMED SATHAK A.J.COLLEGE OF ENGINEERING
34, Rajiv Gandhi Road (OMR), Siruseri, IT Park
Chennai-603 103

Benefits of the Programme

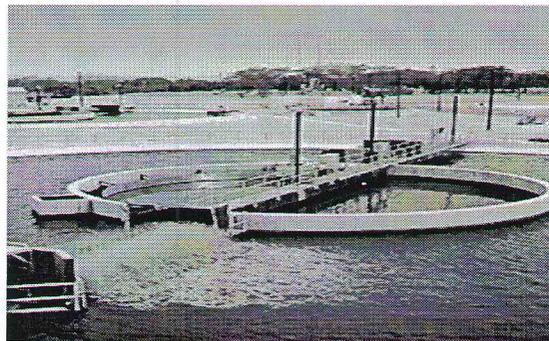

Since water forms a core of the existence of human and other living things, its preservation and sustainable availability cannot be overemphasized. The availability of clean water is greatly threatened by various human activities and of interest is pollution which in turn affects the ecosystem and causes various climatic changes. While various wastewater treatment methods are being explored by industries and various treatment plants, untreated wastewater is still being discharged into the water bodies by some industries. Thus, effective environmental protection policies compliance drive will be of immense benefit to the environment and by extension to human. Factoring these environmental protection policies into the goals and objectives of various factors involved in environmental deterioration will help policies performance. This will serve as a step forward in the direction of ameliorating water pollution.

The two days seminar brings more knowledge about the water environment and pollution prevention.

Attractive Features

- MSAJCE Trust Sponsored Certificate will be provided to each participants.
- Experts are from well reputed institutions and industries with vast experience.

REPORT ON EVENTS

Department:	CIVIL ENGINEERING	
Type of Event:	WORKSHOP	
Event Title:	Preventive measures of water pollution in water distribution mains	
Date & Time:	25 January 2017 & 10.00 am	
Venue :	MSAJCE Campus	
Organizer:	MSAJCE - CIVIL	
Coordinator(s):	Mr. J. Thiagarajan AP/Civil & Ms N.Shalini – AP/Civil	
Details of Participants:	External participants from various institution like Academicians, Researchers, Industry & Students and faculty members of MSAJCE	
Profile of the Chief Guest	Name of the Guest Speaker	Dr R.Elliss Yogesh
	Organization	Vegan Creative Engineering
	Designation	Senior Engineer
	Contact Number	8122322442
	E-mail ID	rellissyogesh@gmail.com
Write-up on Event	<p>The workshop started with 13 participants from different domain on 25.01.2017 at 10.30 am with welcome address and the introduction of chief guest was given by Dr. R.Ravi, HOD - Civil (MSAJCE). First session was handled by the guest speaker Dr Elliss Yogesh., Senior Engineer, Vegan Creative Engineering and</p>	
	<p>Water resources specialization, he explained about Water pollution and environmental issues seen nowadays. Water is contaminated with harmful substances like chemicals, garbage and other foreign particles. It directly or indirectly pollutes water bodies such as ponds, lakes, rivers, sea and oceans and as a result affects the life of plants and organisms living in these water bodies as well. Polluted water is neither safe for drinking and for other consumption processes nor suitable for agricultural and industrial purposes. With the modernization in the society and advancement in technology, knowingly or unknowingly all are polluting surrounding environment and no more cares are given for natural resources and are poisoning great risk to our health too. And with the water scarcity, it has become crucial to take a step to use the natural resources in their safest form. He also explained about transmission or trunk mains usually convey large amounts of water over long distances such as from a treatment facility to a storage tank within the distribution system. Distribution mains are typically smaller in diameter than the transmission mains and generally follow the city streets. He explained about the preventive measures to protect water from pollution such as avoiding the usage of plastics, chemicals and scientific method of waste disposal, etc. The speaker has cleared the doubt of the participants at the end of the session. Ms. S. Hemavathi –AP/Civil has proposed the vote of thanks to the chief guest.</p>
