Respected Dr.K.S.Srinivasan,

We Congratulate MOHAMED SATHAK A J COLLEGE OF ENGINEERING for setting an example of taking urgent action on the climate crisis by signing this "Not Zero-Net Zero" Pledge for Carbon Neutral Educational Institutes.

We really appreciate your efforts for taking leadership in making your campus Smart, sustainable and Carbon-Neutral.

We are looking forward to having a great collaboration with you in future endeavors.

Please register your educational Institute with our Global Network to share and exchange ideas for carbon neutrality and sustainable development.

free registration link - <https://scnhub.com/campus-registration-2/steps/1>

Thanks and Regards,

Team SCCN of TERRE Policy Centre

We make you future-ready.

[Note:- Pledge is attached to this email. Please share a copy of this pledge it with all Board members, staff, students and other stakeholders to inspire them for the Actions]

Pledge for Carbon Neutral Campus

We, MOHAMED SATHAK A J COLLEGE OF ENGINEERING, are determined to change ourselves by undertaking actions before telling others to act.

- ❖ Recognizing that climate change is a planetary challenge of our generation and the dire need to take urgent actions to mitigate it,
- ❖ Noting that Climate Change is running faster than actions by humanity, pushing the whole planet Earth into the existential crisis,
- ❖ Acknowledging the warning by Intergovernmental Panel on Climate Change (IPCC) to limit the rise in temperature to 1.5 deg C or not more than 2 deg C above the pre-industrial level to avoid the catastrophe,
- ❖ Realizing that only way out of the impending climate crisis is to achieve the carbon-neutrality by 2050 or latest by 2075,
- ❖ Noting the paucity of open and inclusive processes to share and obtain data and information about climate change and the need to counter disinformation related to the seriousness of climate change,
- ❖ Noting the opportunity of partnership offered by TERRE Policy Centre through its Smart Campus Cloud Network (SCCN) to empower and guide us to develop the road-map towards carbon neutrality and its implementation through the digital dashboard and tracking app.

We in our MOHAMED SATHAK A J COLLEGE OF ENGINEERING, endeavour to empower youth's potential for research and innovation. We pledge to become carbon neutrality not later than that stipulated by IPCC, through,

- *Enhancing energy efficiency*
- *Deploying renewable energy*
- *Innovating the sources of energy like hydrogen, waste and others*
- *Encouraging the use of digital technologies for research and information curation,*
- *Enhancing open and inclusive processes to strengthen data and information exchanges*
- *Offsetting carbon dioxide through tree plantation and methods.*

We agree to share the progress and the case studies through SCCN-Dashboard of TERRE Policy Centre by Pledging to become a Carbon-Neutral Campus.

Signed by,

Dr.K.S.Srinivasan,
