Mohamed Sathak A.J College of Engineering (MSAJCE) Innovation and Startup cell

To nurture and motivate young engineers towards becoming job creators which results in economic growth of society and technology inspire startup

Vision:

- To create a vibrant start-up ecosystem and to cultivate an entrepreneurial environment with innovative ideas to promote the national and societal growth.

Mission:

- To create awareness among students, staff and faculty members on startup/enterprise venturing process, IPR, funding schemes and equity sharing.
- To provide logistical, legal and mentoring support for both internal and external parties.
- To nurture innovative, sustainable, indigenous solution for national and social growth.

Short Term Objectives:

- To support all stakeholders in developing their innovative ideas into prototypes and incubate the products.
- To attract small scale investments into incubation and startups.
- To motivate the students to become employment providers rather than job seekers.

Long Term Objectives:

- To receive the funds from DST, CII, AICTE, MoE, MSME, CSIR and non-government agencies.
- To enhance the quality of research among students, staff and faculty and to get patents which may be commercialized later
- To transfer technology to the industry

PRINCIPAL
MOHAMED SATHAK A.J. COLLEGE OF ENGINEERING
34, Rajiv Gandhi Road (OMR), Siruseri, IT Park
Chennai-603 103.

MOHAMED SATHAK AJ COLLEGE OF ENGINEERING

(Approved by All India Council for Technical Education,
New Delhi and affiliated to Anna University, Chennai)
Siruseri IT Park, Egattur, Chennai - 603 103

Policy drafting and Implementation team:

1. Director
2. Principal
3. President-IIC
4. ARIIA coordinator

Thrust Areas:

1. Strategies and governance for promoting innovation and entrepreneurship at MSAJCE.
2. Establishing Institutional infrastructure.
3. Nurturing innovation & Start-ups.
4. Product ownership rights for technologies developed at the college.
5. Organizational capacity, human resources and incentives.
6. Creating innovation pipeline and pathways for entrepreneurs at college level.
7. Norms for faculty start-ups.
8. Pedagogy and learning interventions for entrepreneurship development.
9. Collaboration, co-creation, business relationships and knowledge exchange.
10. Entrepreneurial impact assessment.

Policies on Thrust Areas:

1. Strategies and Governance

- Investment in the innovation and entrepreneurial activities is a part of the financial strategy of MSAJCE for supporting innovation and start-up related activities through the “**Sathak Incubation and Incubation Foundation**” (SIIF) which is registered under section-8 of companies act.
- Encouragement would be given for raising funds from various funding agencies like state and central government, private, corporate sectors as well as non-governmental sources.
- Funds would also be raised through sponsorships and donations by actively engaging alumni network for promoting innovation and entrepreneurship (I&E)

PRINCIPAL

MOHAMED SATHAK A.J. COLLEGE OF ENGINEERING
34, Rajiv Gandhi Road (OMR), Siruseri, IT Park
Chennai-603 103.

MOHAMED SATHAK AJ COLLEGE OF ENGINEERING

(Approved by All India Council for Technical Education,
New Delhi and affiliated to Anna University, Chennai)
Siruseri IT Park, Egattur, Chennai - 603 103

- Hierarchical barriers would be minimized and individual autonomy and ownership is promoted for expediting decision making.
- To stress the importance of innovation and entrepreneurial agenda, this policy would be highlighted at college programs such as conferences, convocation, workshops, etc.,
- The development of entrepreneurial culture would not be limited within the boundaries of the college but it would be extended to outsiders for local development.

2. Startups enabling Institutional infrastructure

- All facilities will be created to support pre-incubation and incubation for nurturing innovations and start-ups in the college.
- This pre-incubation/incubation facility would be available 24x7 to students, staff and faculty of all disciplines and departments across the college.
- Steps would be taken to register incubation facility under section-8 of company act 2013 or society registered under society registration act with independent governance structure.
- MSAJCE will offer mentoring and other relevant services through SIH, in return for fees equity sharing and or zero payment basis.
- Depending on the nature of service offered, the actual percentage of equity/share will vary.

3. Nurturing Innovations and start-ups

- Students, staff and faculty members would be allowed to take a license of IPR from the institute to startup for the technology developed, co-developed by them or the technology owned by the college, either in terms of equity in the venture and/or license fees and /or royalty to obviate the early stage of financial burden.
- Students who are under incubation, but are pursuing entrepreneurial ventures would be allowed to use their address in the college to register their company with due permission from the institution.

PRINCIPAL

MOHAMED SATHAK A.J. COLLEGE OF ENGINEERING
34 Rajiv Gandhi Road (OMR), Siruseri, IT Park,
Chennai-603 103.

MOHAMED SATHAK AJ COLLEGE OF ENGINEERING

(Approved by All India Council for Technical Education,
New Delhi and affiliated to Anna University, Chennai)
Siruseri IT Park, Egattur, Chennai - 603 103

- Student entrepreneurs will be permitted to work during their regular academic session.
- Students would be allowed to take a semester/year break to work on their start-ups and re-join academics to complete the course.
- The college would provide accommodation to the entrepreneurs within the campus for some period of time.
- Faculty and staff also would be allowed to take off for a semester/year (or even more) as sabbatical leave for working on start-ups and came back. The seniority and other benefits during such period may be preserved for such staff/faculty.
- In return of the services and facilities, the college may take 2% to 9.5% equity/stake in the start-up/company.

4. Product ownership rights for technologies developed at institute

- Investor and college together could license the product/IPR to any commercial organization, with inventor having primary say. License fee could be either/or a mix of
 - i. Upfront fees or one-time technology transfer fees
 - ii. Royalty as a percentage of sale price.
 - iii. Shares in the company licensing the product.
- If any product /IPR is developed not using any college facilities, then the inventors can decide to license the technology the way they deem fit.
- If there is any dispute in ownership, a minimum five membered committee consisting of two faculty members, two institute's alumni/industry expert and one legal advisor will examine the issue and help them to settle to everybody's satisfaction.

PRINCIPAL

MOHAMED SATHAK AJ COLLEGE OF ENGINEERING

(Approved by All India Council for Technical Education,
New Delhi and affiliated to Anna University, Chennai)
Siruseri IT Park, Egattur, Chennai - 603 103

5. Organizational capacity, Human Resources and incentives

- In order to foster the I&E culture the institute would recruit staff that have a strong innovation and entrepreneurial/industrial experience. Some of the faculty members with prior exposure and interest would be deputed for training to promote I&E.
- Periodically guest lectures would be arranged for strategic advice and bringing in skills which are not available internally.
- Faculty and staff would be encouraged to do courses and attend workshops innovation, entrepreneurship management and venture development.
- In order to attract and retain right people, the institute would develop academic and non-academic incentives and reward mechanisms.

6. Creating Innovation pipeline and pathways for entrepreneurs at institute level

- As a part of institutional agenda, awareness programs on innovation and incubation activities would be conducted for students, faculty and staff.
- Students would be encouraged to develop entrepreneurial mindset through experiential learning by exposing them to training in cognitive skills by inviting first generation local entrepreneurs.
- The institute would link the start-ups and companies with wider entrepreneurial ecosystems and by providing support to students who show potential in pre start-up phase.

7. Norms for faculty start-ups

- In case the faculty/staff holds the executive or managerial position for more than three months in a startup, he/she is permitted to go on sabbatical/leave without pay/utilize existing leave.
- Faculty must clearly separate and distinguish on-going research at the institute from the work conducted at the startup/company.
- Faculty should not involve research staff or other staff of institute in activities at the startup and vice-versa.

(Approved by All India Council for Technical Education,
New Delhi and affiliated to Anna University, Chennai)
Siruseri IT Park, Egattur, Chennai - 603 103

- In case of selection of a faculty startup by an outside national or international accelerator a maximum leave of one semester/year may be permitted.

8. Pedagogy and learning interventions for entrepreneurship development

- Diversified approach would be adopted to produce desirable learning outcomes, which should include cross disciplinary learning using mentors, labs, case studies, games, etc., in place of traditional learning by lecture delivery.
- Entrepreneurship education would be imparted to students through elective/short-term courses on innovation and entrepreneurship and venture development.
- Pedagogical changes would be done to ensure that maximum number of student projects and innovations are based around real life challenges.

9. Collaboration, co-creation, business relationship and knowledge exchange

- Networking events would be organized for better engagement of collaborators to open up the opportunities for staff, faculty and students.
- Knowledge exchange through collaboration and partnership would be made as a part of institutional policy.

10. Entrepreneurial impact assessment

- Impact assessment would be performed regularly using well defined evaluation parameter.
- The information on impact of the activities would be actively used while developing and reviewing the entrepreneurial strategy.
- Impact assessment for measuring success would be in terms of sustainable social, financial and technological impact in the marker.

REPORT ON EVENTS

Department :	CIVIL ENGINEERING	
Type of Event:	WEBINAR	
Event Title:	INTERNSHIP OPPRTUNITIES IN CONSTRUCTION/HVAC/JOB PROFILE/HOW TO DO STARTUP?/HOW TO FIND JOB?	
Date & Time:	06.03.2021 & 10.00 a.m. to 2.00 p.m.	
Venue / Mode (Platform):	ONLINE MODE	
Organizer:	MSAJCE – DEPARTMENT OF CIVIL ENGINEERING	
Coordinator (s):	Mr. M.B. Shanmuharajan (AP/SG/Civil)	
Details of Participants :	External participants from various institution like Academicians, Students and faculty members of MSAJCE	
Profile of the Chief Guest(s)	Name of the Guest Speaker	Mr ASIF
	Organization	UGL Limited
	Designation	MEP Facility Engineer
Write-up on Event	<p>The webinar started with 30 participants from different domain on 06.03.2021 at 10.00 am with welcome address by Mr. C. Daniel AP/Civil and the introduction of chief guest by Mr. M B Shanmuharajan HOD/Civil.</p> <p>The speaker, Mr Asif, started to explain about the internship and its importance in getting job opportunities. Internship Programme offers students and recent graduates the opportunity to gain direct practical experience. Then he explained about the construction industry and he explained about HVAC related to construction field, which deals with the buildings heating, ventilation and air-conditioning system. HVAC systems controls and maintains the temperature, humidity, air movement, air cleanliness, sound level, and pressure in a building or an Industrial plant. HVAC training skills are highly demanded in India and Gulf countries.</p> <p>The speaker explained about the startup companies and how to get into those companies like using of job sites, reach the companies directly, using our contacts and by social media. Speaker concluded the session by explaining gap between job opportunities and skill requirement.</p> <p>Mr. C. Daniel AP/Civil had proposed the vote of thanks to the speaker and participants.</p>

Write-up on Event	<p>The three days' entrepreneurship awareness camp was organized to explore the world of entrepreneurship as potential career opportunities for students. The workshop started with students from all departments on 11.02.2019 at 10.00 am with welcome address and introduction of chief guest by Dr.S.Sivasubramaniam, Principal/MSAJEC.</p> <p>The Chief Guest Mr K.Sivarama Prasad, in his address, he explained the change in approach of entrepreneurship from olden days to new generation and the influence of technology within it. Young entrepreneur should use the technology as a tool for the development of their firm. While addressing the students as entrepreneurs he asked the students to identify the new ideas and to perform SWOT analysis for the same. If students are willing to become an entrepreneur, there will be lot of encouragements from Central and State Government through various schemes. Even few non-government agencies through angel funding use to support the young entrepreneur for their startups. India being a largest workforce for the world should utilize the manpower to support the economic growth of the nation. Highlighting the role of EDC, he pointed that 'Entrepreneurs cannot be found but only be invented'. Mr. Prasad also mentioned that 'the Institute has to Innovate, Invest in Innovation and Introduce the Invention to market'. Education should not be limited to finding a job but it must dwell to shape better citizens who are self-reliant he said. He also mentioned about the growth of entrepreneurs from the Institute and noted that in the second decade of inception, the institute aims at developing more Entrepreneurs along with Research & Development activities. Third day final session and vote of thanks was proposed by Mr B Rizha Ur Rahman, AP/Civil</p>
