TRAINER: MR S ELAMCHERVN

REPORT OF THE EVENT

MR S ELAMCHERVN Assistant Professor conducted training on "LABVIEW" on 22.11. 2017 for the second year students. A total of 95 students participated in the workshop. The workshop started by highlighting the difference between various programming languages and the need for an integrated programming environment like LABVIEW and its allied hardware modules.

At the end of the workshop, the students were confident that they could build a virtual instrument that can work according to the specifications and they were motivated to do mini projects using LABVIEW software
