MESSAGE FROM PRINCIPAL:

I am delighted to know that Civil Engineering Department of MSAJCE is bringing out their biannual News Letter showcasing their activities, achievements and technical articles. Civil Engineering is one of the oldest recognized branches of engineering, even today for most of the old time Engineer implicitly meant Civil Engineer. It could be because of all their activities be visibly seen in the form of roads, buildings, bridges, dams, airports etc. The other engineering disciplines may change with times in evolving, reshaping, merging etc. but civil engineering will maintain its unique identity. Lot of research activities are going on in the form of low cost housing, green buildings, constructions which can withstand severe weather and natural calamities. The desire to bring this newsletter shows their unique identity. I compliment the faculty of Civil Engineering Department for their initiative and wish them all the best in all their future Endeavors.

HOD MESSAGE:

Civil engineers conceive, design, construct, supervise, operate and maintain infrastructure projects and system in the public and private sector including roads, building, bridges, airports, tunnels, dams, systems for water supply and sewerage treatment, pollution controls etc. Civil Engineering is a very diverse profession and offers a wide range of activities through various disciplines such as surveying, structural engineering, transport engineering, environment and water supply engineering, Remote Sensing and GIS, etc... Civil engineers are helping society by adapting the infrastructures with new technologies, to meet the population growth and climatic change.

Grievance Redressal / Disciplinary / Vikasha / POSH Cell / Sexual Harassment Complaint Cell

As per guidelines of Anna University Grievance Redressal / Disciplinary / Vikasha / POSH Cell / Sexual Harassment Complaint Cell has been established by Mohamed Sathak A J College of Engineering (MSAJCE). In order to create and maintain a community in which teaching & non-teaching staffs and Students can work together in an environment which is free of sexual violence, harassment, exploitation, and intimidation. MSJCE has proactively established the Grievance Redressal / Disciplinary / Vikasha / POSH Cell / Sexual Harassment Complaint Cell. This cell meets the obligation as mandated by the Supreme Court of India, in its landmark judgment in August 1997 viz., Vishaka & others vs. the State of Rajasthan & others which stated that “every instance of sexual harassment is a violation of Fundamental Rights under Articles 14, 15, and 21 of the Constitution of India, and amounts to a violation of the Right to Freedom under Article 19 (1)(g)”.

The function of the cell is to look into the complaints lodged by any student and staff, and judge its merit. The Grievance cell is also empowered to address genuine problems and complaints of students and staffs whatever be the nature of the problem. Anyone with a genuine grievance may approach the department members in person, or in consultation with the Students Councillor. In case the person is unwilling to appear in self, grievances may be dropped, in writing, at the letterbox/suggestion box of the Grievance Cell at reception table.

Objective:

The objective of the Grievance Cell is to develop a responsive and accountable attitude among all the stakeholders in order to maintain a harmonious educational atmosphere in the institute. A Grievance Cell should be constituted for the Redressal of the problems reported by the staffs and Students of the College with the following objectives:

- Maintain the dignity of the College by ensuring strife free atmosphere in the College through promoting cordial Student-Student relationship and Student-Staff relationship etc.
- Encouraging the Students to express their grievances / problems freely, without any fear of being victimized.
- Installation of Suggestion / complaint Box in the reception table in which the Students / staffs, who want to remain anonymous, may drop their grievances and their suggestions for improving the Academics / Administration in the College.
- Advising all staffs and students to be affectionate with each other and not to behave in a vindictive manner towards any of them for any reason.
