iii

**Preface**

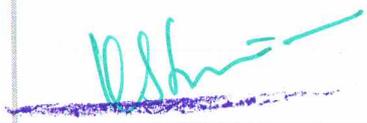

International conference brings innovative ideas and ensures that new information is exchanged among experts. It acts as a consultation or discussion forum, particularly one with a formal agenda. A successful conference guarantees future collaborative networking. It helps get people of similar interest together so that they can start focusing on the resources of like-minded people. Finally, it contributes to the cumulative enhancement of the net added benefit of all stakeholders involved. Our conference has the potential to meet those standards.

This 1<sup>st</sup> International Conference on Emerging Frontiers in Control and Communication Technologies, (ICECCT) 2020 held virtually in an online mode and organized by Mohamed Sathak A.J. College of Engineering, Chennai on 26<sup>th</sup> August 2020. This conference provided an international forum to present, discuss and exchange innovative ideas and recent developments in the field of Electronics and Communication Engineering and Electrical and Electronics Engineering. On this special occasion two internationally renowned persons from academia had delivered their outstanding research works as key note speech. Efforts taken by peer reviewers contributed to improve the quality of papers, provided constructive critical comments, improvements and corrections to the authors are gratefully appreciated.

We are very grateful to the international and national advisory committee, session chairs, student volunteers and administrative assistants from the college who selflessly contributed to the success of this international conference.

We also thankful to all the authors who submitted papers, with them we could successfully conduct the international conference.

CONVENORS

Proceedings of  
**INTERNATIONAL VIRTUAL CONFERENCE ON RECENT TRENDS IN SCIENCE & HUMANITIES**  
23<sup>rd</sup> September 2020  
**(ICRTSH 2020)**

**Courses Offered**

**Under Graduate Program**

- B.E. Civil Engineering
- B.E. Computer Science and Engineering
- B.E. Electrical and Electronics Engineering
- B.E. Electrical and Communication Engineering
- B.E. Mechanical Engineering
- B.Tech Information Technology

**Post Graduate Program**

- M.E. Computer Science and Engineering
- M.E. Electrical Engineering
