ISRO VEHICLE VISIT-EVENT

Modern science says: 'The sun is the past, the earth is the present, the moon is the future.' From an incandescent mass we have originated, and into a frozen mass we shall turn. Merciless is the law of nature, and rapidly and irresistibly we are drawn to our doom. As of above quotes to develop the interest on space studies we organized the ISRO vehicle visit in our campus on 23-02-2020. ISRO organizers explained in details about the operations of the space machines. Our students very much impressed.
